

14th European Conference on Synthetic Aperture Radar
25 – 27 July 2022, Leipzig Germany

Second Place
Student Paper Award

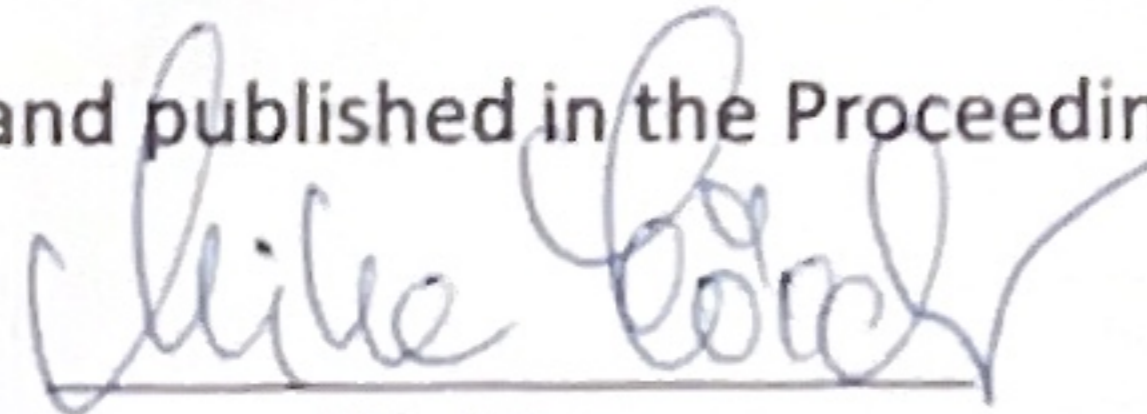

to

Emanuele Dalsasso

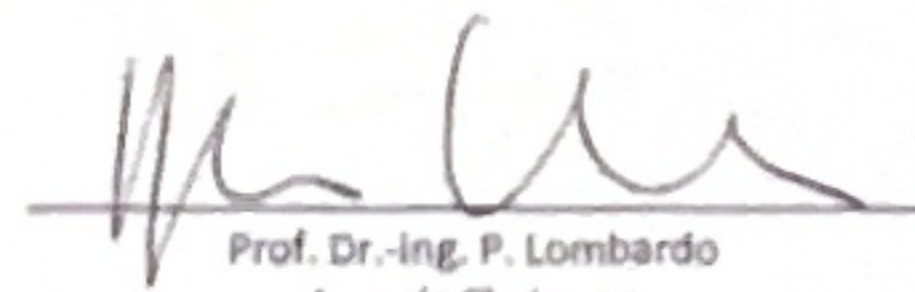

For a very significant contribution in the field of Synthetic Aperture Radar entitled:
Self-supervised training strategies for SAR image despeckling with deep neural networks

Emanuele Dalsasso; Loic Denis; Max Muzeau; Florence Tupin

and published in the Proceedings of the  **EUSAR 2022** conference.

Michael Lörcher
Conference Chairman

Prof. Dr.-Ing. P. Lombardo
Awards Chairman

July 27th 2022

organized by HENSOLDT, AIRBUS, Fraunhofer FHR, DLR, and VDE ITG
And technically sponsored by EUREL, URSI, IEEE GRSS and IEEE AESS.
